New York Market. MONEY MARKET.

The New York Journal of Commerce, of Sai

urday, May 30, says:

The demand for money is a little more active from speculative borrowers, but it is not sufficient to give employment to any thing like the surplus capital offering on the market. For purposes of legitimate trade there is no important inquiry. Call loans are easily obtained upon good securities at 4a5 per cent, with exceptional trunsactions in large sums at 3 per cent. Strictly first-class commercial paper is passed at 6 per cent per annum discount and selections from other good signatures at 7a8 per cent.

QUACKENBOS' ARITHMETICS:

This Series is meeting with a most gratifying re-ception from teachers everywhere, and is exactly what is needed for mental discipline, as well as for a practical preparation for the business of life. It is clear, thorough, comprehensive, logically arranged, well graded, is supplied with a great variety of ex-amples, and teaches the methods actually used by business men.

went arrated is staged with the methods actually used by business men.

Special lattention is saked to the Praditical. Its rules and analyses are free from unnecessary words: its methods are the shortest possible. Above all, it is adapted to the present state of things. During the last five years, specie payments have been suspended, prices have doubled, the tariff has been altered, a national tax levied, &c. Our book recognizes all these changes, AND IT IS THE ONLY ONE THAT DOEs—the only Arithmetic that describes the different classes of United States Securities, and shows how to find the comparative results of investments in them. Used in the Public Schools of New York, Brooklyn, Albany, Jersey City, &c., and giving the highest satisfaction. No progressive teacher can afford to use any other.

QUACKENBOS' GRAMMARS: in English Grammar, \$1; First Book in Gran

Clear, well condensed, and consistent throughout; brief in its rules and definitions; happy in its illustrations; practical in its application of principles; inductive and philosophical in its arrangement; original in its views; bold in its freforms; every way adapted to the schoolroom; interesting to the pupil; labor-saving to the teacher; full and ingenions in its explanations of perplexing constructions; makes the learning of Grammar easy; makes the teaching of Grammar a PORTITE TELESUBE. Such is, the wordict pronounced on Quackenbos' Grammar by our best educators. Hosts of recommendations published in our Circular.

Physicians wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid, Chronic Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Eladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Disbetes, Iucontinence or scanty, turbid, abuminous, cloudy urine; its almost instant efficacy in stopping itching and painful discharges from the Uterus and Urethra, L'eucorhoa, Bloody Urine, and its singular power in curing discharges from the Uterus and Urethra, L'eucorhoa, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SABSAPABIL-IIAN used in the Renovating Resolvent differs from ordinary Saveaparillas! Sarsuparillian is the only principle in Sarsuparilla, that poeseeses curative properties; all other parts of the root are inert and isseless. One cume of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPABILLILAN is only one of the ingredients

GREAT SENSATION !- A GOOD SENSA-

TION!

PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the

most excruciating pain in an instant, without em-

ploying such dangerous agents as Chloroform,

Opium, Morphine, Acontine, Ether, &c., was first

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Pai a in the Cheat, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and extern inate the pain.

one application was sufficient to kill and extern inate the pain.

Taken internally, twenty drops to a teaspoonful would cure, and will cure, Asiatic Cholers, Fever and Ague, Chills and Fever, Bilious Colic, Inflammation of the Bowels, Cramps, Spasms, Diarrhosa, Dysentery, and every pain that may exist in the inside of man, woman or child; this was RADWAY'S READY RELIEF of 1847, and it is RADWAY'S REALIEF, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pam-stricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kaimos, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation on the face of the earth.

CONGESTION OF THE LUNGS CURED IN

THIRTY MINUTES!

way's Ready Relief" in Acute

and Dangerous Attacks!

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I felt a dull pain over my left lung, with occasional coughs, but teing actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and excruciating, that every breath drawn was like a red hot knite cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased. In half an hour I was free from pain, and all signs of Congestion, infi. mmation, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Infiammation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the infiammation to the surface, and persons now suffering may, in Thirty Minutzs, be free from pain.

SARSAPABILITIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretiens, securing; a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phlegm and prurelent matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the Skin is covered with pimples, spots, pustules, sores, ulcers, &c., the Resolvent will quickly remove these annoyances. If mercury is deposited in the bones and has secumulated in the system, the Resolvent will drive it out. If the Throat or Bronchial Glands are ulcerated, the Resolvent will oure these signs of an early waste. Direct remedies, possessing only exclusive properties, are hurtful, as they increase the functional secretions of one organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure.
